MAC Resolution #2 – 2008

RESOLUTION IN OPPOSITION TO LEGISLATION THAT ERODES THE LOCAL TAX BASE AND CALLS UPON THE GENERAL ASSEMBLY TO ADDRESS MISSOURI'S ANTIQUATED TAX STRUCTURE

WHEREAS, the cost of county services continues to increase annually, prompting many to diversify their revenue streams through the use of sales taxes to supplement the property tax base, and

WHEREAS, a serious erosion of the local tax base is occurring with the unprecedented growth of uncollected sales and use taxes on Internet purchases, and

WHEREAS, states and local governments are losing billions of dollars in tax revenue because many remote sellers are not collecting sales and use taxes on Internet, telephone and catalog sales, with those losses projected to range between \$21.5 billion and \$33.7 billion by 2008, and

WHEREAS, in Missouri taxes are structured around laws drafted and passed in the 1930s which were designed to tax the main focus of industry in the state at that time, and

WHEREAS, county governments have an obligation to their constituents to look to the future to ensure that adequate funding sources will be available to meet the required service needs of local governments,

THEREFORE, BE IT RESOLVED, that the Missouri Association of Counties does hereby call on the Missouri General Assembly to limit legislation that would have a negative budgetary affect on local governments without guaranteed replacement revenue, and

BE IT FURTHER RESOLVED, that the Missouri Association of Counties requests that the General Assembly address Missouri's antiquated tax code, especially as it relates to sales tax, so that both state and local governments are well positioned in the future to meet the increasing service needs of our citizens.

MAC Resolution #3 – 2008

RESOLUTION IN OPPOSITION TO THE PRE-EMPTION OF LOCAL AUTHORITY

WHEREAS, the passage of Amendment 1 in April 1995, deleted the “uniformity” provision in the Missouri Constitution which required that a law applicable to a county in a class apply to all counties in that class, and

WHEREAS, the repeal of that provision further requires non-charter county officials to seek state legislative approval for individual laws to help solve local problems due to the inability to effectively deal with them at the county level, and

WHEREAS, the Missouri General Assembly should not be forced to “micro-manage” county government from Jefferson City due to the lack of local authority to deal with local issues, and

WHEREAS, Missouri county officials have expressed their opposition to the erosion of local authority which would allow counties greater flexibility in dealing with truly local issues and problems, and

WHEREAS, examples of pre-emption of local authority by the Missouri Legislature recently occurred in 72.080 relating to the incorporation of a village, and

WHEREAS, Missouri's county officials also believe it is critical to protect the citizens they represent when large scale developments infringe upon their constituents way of life, including compliance with local planning and zoning ordinances relating to the siting of electric power generating facilities of any kind,

THEREFORE, BE IT RESOLVED, that the Missouri Association of Counties does hereby go on record in opposition to legislation that would preempt a county’s authority to deal with local issues and problems.
